4. Which are the benefits of these certifications?

The certifications offered by the **Basel ii Compliance Professionals Association (BCPA)** **can benefit employees, consultants and organizations**

Benefits for Employees and Consultants

1. **Earn more money:** Several recent salary surveys reveal the power of certification to boost income.

These surveys show **certified professionals earn more money** than non-certified professionals, as their skills grow and can command a higher pay cheque.

2. **Better position:** Certification is important when being considered for a promotion or other career opportunities. You give the necessary assurance that you have the knowledge and skills to accept more responsibility.
3. **Better job:** It will be easier to move into more desirable positions. This certification will differentiate yourself from your competitors.
4. **Establishes professional credentials:** Certification is an advantage on your resume, serving as a third-party endorsement to your knowledge and experience. Certification and training listed on your resume demonstrates your ability and your desire to stay current.

Benefits for Organizations

1. **Independent evidence:** Our certifications serve as independent evidence that you have the skills required to understand and support risk and compliance projects.
2. **Job satisfaction:** Certified employees are more satisfied and more productive than their non-certified counterparts.
3. **Due care:** Certified professionals will greatly assist employers in being able to construct a viable risk and compliance program, and to prove that they exercise due care.
